

MANAGING TRICKY TERMINATION ISSUES **Half-Day Intensive Virtual Workshop**

Every employment relationship comes to an end. Although termination of employment **can** trigger potential liability for an employer, liability can often be minimized or eliminated with planning and sound decision-making.

This practical, half-day workshop provides participants with the knowledge and tools to handle some of the trickiest situations that can arise when terminating an employee. Using interactive learning and real life-scenarios, topics include:

- **Just Cause:** What constitutes “just cause” for termination? When will COVID-19 related infractions constitute just cause?
- **Statutory Leaves:** Can an employee on a statutory leave ever be terminated? What special considerations apply?
- **Disability Leaves:** When does a long-term disability leave end the employment relationship? What is an employee on disability leave owed if the employment relationship ends?
- **“Bad Faith”:** When will an employer be liable for damages for the manner of termination? What can an employer do to reduce this risk?
- **Impact of COVID-19 on Termination Entitlements:** Can a long-term reduction in hours or pay, trigger a termination of employment? Could an employee be entitled to a longer notice period because of the economic impact of COVID-19?
