About 2024 CL Top Labour and Employment Law Boutiques

In September 2023, Canadian Lawyer asked readers from across Canada to vote on labour and employment law boutiques. They were asked to rank their top firms from a preliminary list, with a chance to nominate a firm that was not included. To be considered in the vote, firms were required to have the majority of their business come from their work from labour and employment law. The quantitative results were combined with the Lexpert peer survey results, where applicable, along with feedback from respected senior members of the bar and regional diversity considerations.
